Biotec Custom Built Cabinets

Biotec is the industry leader in custom-built Operator, Steri-center, Island, Brushing Station and Lab cabinets. Using the highest quality materials, Biotec will design and build cabinets that are unique to the practice, support ergonomic workflow and integrate the latest technology.

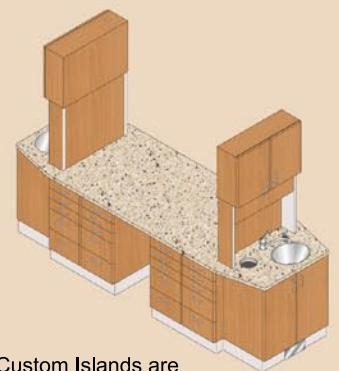

Custom Brushing Station designed to fit in a corner of an Operator area.

This custom unit turned a small space into an active brushing area.

Custom Islands for bulk storage space, convenient work area, and sinks with waste drops

Custom Islands are just one way Biotec can help make your dental practice more efficient and distinctive.
