

GP2

DENTAL CHAIR

GP / ORTHO / PEDO

Standard Features

- Motorized height & recline control
- Basic, extendable headrest
- No rotation (360° base rotation optional)
- Control switches on back panel (right side)
- Automatic return (AR)
- Slim back with swing-up armrests
- Optional contoured back, available with & without arms
- Easy-care, replaceable upholstery

Royal's GP2 chair utilizes our popular slim back that facilitates positioning and healthy ergonomics for the dental professional. The GP2 is ideal for adult orthodontics.
